

HANDLE WITH CARE MISSOURI

PROTECT • HEAL • THRIVE

If a law enforcement officer encounters a child during a call, that child's name and three words – **Handle With Care** – are forwarded to the child's school before the start of the next school day. The school implements individual, class, and whole-school trauma-informed responses, however, if a child needs more intervention, then trauma-focused mental health care can be accessed, with parental consent.

LEARN about this collaborative, trauma-informed program and find out how to start **HANDLE WITH CARE** in your jurisdiction/school

We will be offering two sessions on **February 28, 2023**. Register for one by clicking on the appropriate link below:
